 Eduss Mathematics adds up to smart help

Eduss adds up to smart help

■ Giveaway

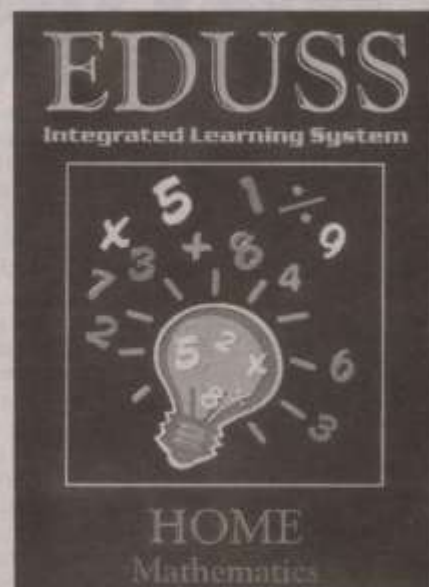

LEARNING mathematics is not always easy, but the Eduss Integrated Learning System provides a solution for children aged 5 to 15 who are having difficulties.

For more than 15 years, Eduss has been developing learning tools to help children overcome problems with mathematics.

Through the use of technology, parents are kept abreast of their child's progress in mathematics, using the Eduss Integrated Learning System. For details visit www.eduss.com or phone (07) 5574 2633.

This week the *Caboolture Shire Herald* is giving away an Eduss Integrated Learning System valued at \$360.

To enter, put your name, address and daytime phone number on the back of an envelope and send it to Eduss Giveaway, *Caboolture Shire Herald*, PO Box 999, Alderley 4051.

● Eduss has the solution for difficulties with mathematics.

Entries will not be used for marketing purposes. Entries close on first mail July 5. The winner will be notified by mail and results published in the winners column on July 9.
