

## **For teachers/school administrators**

- School districts across the United States and globally have turned to EDUSS to help teachers administer and interpret assessments. Now, parents can download the EDUSS assessment program and get online help for their children to make sure that past gaps in their education are filled in, and quickly.
- EDUSS is a time-saving, thorough, diagnostic and multi-dimensional teacher's assistant.
- EDUSS helps the overburdened teacher in the overfilled classroom to intervene, remediate and advance the skills of her students. And the students enjoy the program.
- EDUSS assesses the proficiency needs and status of each individual student, and offers individualized remediation and/or acceleration in dozens of strands, dozens of subject areas and surpasses the reporting detail of standardized tests.
- EDUSS responds to each student's individual needs with automated learning schedules and step-by-step teaching and interactive exercises that fosters self-esteem and success in a short window of time.
- With schools struggling under tight budgets, EDUSS offers a proven aid to teachers and parents with students who might need a little extra help to catch up and stay on track.
- With accessible and highly usable information for the teacher, EDUSS is considered a leader in the IMTA market.
- IMTA used worldwide helps make schools more effective and accountable in the subjects of K-8 math and Language Arts.
- EDUSS offers the GT teacher a fully automated, step-by-step acceleration schedule and assessment of subject by state grade standards.
- EDUSS is a time-saving assessment and individualized instruction tool that allows the teacher to do what they do best – teach.
- EDUSS offers complete step-by-step, individualized, after-school tutoring and can bring a child up to proficiency levels in 10-30 hours while building self-esteem.
- EDUSS is an inexpensive, fun yet complete home tutoring program that teachers and school administrators can feel comfortable recommending to parents.
- EDUSS has the case studies and evidence to prove results in <30 hours.
