

December 2003 - McAuley Primary School – Rose Bay
Eduss Technology

McAuley Primary School

Rose Bay

Welcome to the technology section of McAuley Primary's website. Here you will find information about class activities in technology.

Another first for McAuley this term was the introduction of the **EDUSS** Mathematics system. This system was devised to allow children to assess their level of Mathematical ability and individually work through exercises that will increase their ability level. Children are able to work through these exercises at both home and School.
